

MSN Accounting Ltd

Yorkshire IFA member MSN Accounting now using Frama RMail for email security, E-Signature, proof of content / delivery and GDPR compliancy.

“Excellent product! We’ve been using Frama RMail for over 2 months now, and our business processes are much more streamlined! We receive documents back with a digital signature quickly, we can send encrypted emails directly to our recipients with no portals or awkward passwords. Fantastic!”

Sharon Neal - Director

PROJECT

MSN Accounting needed a reliable, easy to use solution for the team, so that they could be more compliant and secure with their emails, as well as being able to digitise the business with a powerful, easy to use e-signature solution.

SOLUTION

RMail was the perfect fit! MSN Accounting uses 2 email platforms - Microsoft Outlook and Gmail.

BENEFITS / ADVANTAGES

- Simple and straightforward implementation
- Worked with both their email platforms - Outlook & Gmail
- Auditable proof of compliance
- Easy to use for the whole team
- E-Signatures have now digitised and streamlined the business

ABOUT MSN ACCOUNTING

MSN Accounting is a progressive UK firm of Accountants and Tax Advisers that provide a wide range of accounting and taxation services to clients. They are members of both the Institute of Financial Accountants and the Federation of Tax Advisors. They have over 35 years of experience, and work in all areas of tax and financial planning services with a diverse client base from sole traders to large incorporated business.

THE STORY

Frama RMail are partners with the IFA (Institute of Financial Accountants). Frama was at a local IFA event promoting their RMail product and MSN Accounting was visiting the same exhibition as Frama. MSN Accounting was looking for a solution to help their business through emails and they came across Frama RMail booth and asked for a demonstration of the product.

CO-OPERATION AND ROLL OUT

MSN's Director Sharon Neal met with Mike Roberts, Frama's RMail specialist, at a local IFA event, and a demonstration was soon set up. The demonstration proved to MSN Accounting that this was the solution for them.

FIRST EXPERIENCES

Shortly after the demo was provided, Sharon and the team were up and running on both their Microsoft Outlook and Gmail platforms with the Frama RMail solution.

THE VERDICT

RMail was integrated instantly in to both platforms within an hour, and the team were up and running in no time. There was no need to involve any IT professionals. It was as simple as downloading the plugin and some training by Mike Roberts. Our business processes are much more streamlined! We receive documents back with a digital signature quickly, we can send encrypted emails directly to our recipients with no portals or awkward passwords.
